

CITIZENS IN OPPOSITION TO THE MIDWAY – DANIELS PARK TRANSMISSION LINE REBUILD PETITION

To the Douglas County Commissioners and Planning Commission:

We oppose the Midway - Daniels Park Transmission Rebuild as proposed by PSCo. We oppose PSCo constructing high voltage transmission lines through residential areas within Douglas County which compromises the health, safety and quality of life of Douglas County residents. We ask Douglas County to explore solutions to mitigate the impacts to citizens resulting from this project. Specifically, we request that Douglas County not grant PSCo’s Application to build above-ground 345Kv Transmission Lines in Castle Pines North.

For questions and concerns contact:

Freda Poundstone @ 303-792-5067
Kim Steenhoek @ 303-790-7691
